Submission based application and judging process

Join us at the IPMA Awards Gala at the 32nd IPMA World Congress in St. Petersburg to celebrate your project management success!

My experience in taking part in the awards was a very proud and humbling one. I feel that the awards is a cornerstone in project management excellence and for myself to experience that on a world stage was very gratifying in terms of accomplishment, team work, leadership and personal contribution. It was a fantastic opportunity to represent my profession, team and of course country while sharing the same with other finalists from around the world.

Shan Bala, IPMA Project Manager of the Year Silver Winner 2018, Helsinki
